Spring Session III Course Menu

April 18th - May 24th 2023

Tuesday Course Descriptions

10am-
11am

Bible Basics:

Students are led in a mini bible study as they read through a story from the bible and discuss it's meaning and the lessons that it holds. Each class includes a hands-on activity to help make the story relatable and to help clarify the lesson.

11am-
12pm

Art Exploration:

Students study a different classical artist each week and then create their own projects in the media & style of the artist studied

Kitchen Chemistry:

Ever wondered how soda gets bubbles or why bread is so fluffy? There is more to food than just following a recipe. This class explores the importance of science in the kitchen through a variety of experiments that are just as educational as they are tasty!

Advanced PE:

Students are led by our expert coaches from TrueAP through a variety of exercises and activities to help build strength and agility.

12pm-
1pm

Lunch & PE

1pm-
2pm

World Cultures:

Each week we will review basic country geography and experience new cultures through food, flags, storybooks, and art!

PE (All Ages):

Students get moving at an introductory level as they learn a variety of different games and sports!

2pm-
3pm

Learning With Chocolate:

We will do an interdisciplinary approach to everything chocolate including math, science, history, geography, and of course consumption!

Gameschooling:

Students develop social skills, practice teamwork, learn strategy and problem solving, and more all while playing games.

Spring Session III Course Menu

April 18th - May 24th 2023

Wednesday Course Descriptions

10am-
11am

Creative Writing:

Children develop a love of writing while sharing their work in a safe space with their peers. This class uses hands on activities to make the planning and creative process tangible and engaging giving students tools that they can take home and apply to their writing.

11am-
12pm

Magic of Science:

Learn about magic tricks and explore the science behind them that makes them work.

Crafting Around the World:

Take a trip around the world one craft at a time! Watch week we will talk about a country and complete a craft that represents that country.

PE (All Ages):

Students get moving at an introductory level as they learn a variety of different games and sports!

12pm-
1pm

Lunch & PE

1pm-
2pm

Applied Leadership:

This class is designed to help students build a deeper connection to the community using leadership skills they develop within the class. They will learn civic knowledge and develop an awareness of healthy life choices and community problem-solving skills.

Storybook STEAM:

Each week features a different hands-on STEAM challenge based on a popular children's storybook!

2pm-
3pm

American Girl History:

Learn about history through the stories of the classic American Girl dolls.

Maker's Space:

Each week students will be presented with a new challenge and given 30 minutes and a variety of materials to create an object to complete their challenge.
